

Country-Level Workshop in Cambodia on SEA-TVET Harmonisation and Mobility

9-10 October 2015 | Borei Angkor Resort & Spa, Siem Reap, Cambodia

Hosted by the Ministry of Labour and Vocational Training, Cambodia

Group 3: Construction/Civil Engineering

“Proposed Strategies and Action Plan”

Outputs from the Group Discussion:

1. Some institutions have experiences in exchange students but not in construction field.
2. There were some issues discuss among the meeting about the SEA-TVET consortium:
 - The language is problem. For example from *JVC Technical College* that collaboration with industry from Japan
 - Ask scholarship from *Ubun University* for students.
 - Recommend TVET for provide teacher for contraction.
 - There are suggestion that alumnus from construction no need for certificate and diploma because that can be knowing by learning the basic. Need standard certification for contraction that acceptable.
 - Construction skill worker in Cambodia is not too good.
 - The participants of consortium don't know yet which one is good for exchange. About skill, standard and etc.
 - Need know each other best and weakness and improve each other.
 - The participant of consortium can make detail decision and plan after visit each other.
