GUIDELINES FOR IMPLEMENTATION:
5th Batch of SEA-TVET Student Exchange in 2020
(http://seatvet.seameo.org/)

I. Background

Technical Education and Vocational Training (TVET) has been identified as one of the seven priority areas of SEAMEO Education Agenda for development in Southeast Asia, which were agreed at the Strategic Dialogue of Education Ministers (SDEM) meeting in September 2014.

To promote the internationalisation of TVET institutions, and leverage the global competitiveness and 21st century skills of TVET students in Southeast Asian countries, the Southeast Asian Ministers of Education Organization (SEAMEO) in collaboration with Ministries of Education and related Ministries and TVET institutions developed a network of TVET institutions called SEAMEO Polytechnic Network for enhancing internationalisation and partnership of TVET institutions (colleges, polytechnics and university of technologies) in the Southeast Asian region through cross-country exchange programme and other collaboration.

In addition, the 3rd High Officials Meeting on SEA-TVET hosted by the Ministry of Education of Malaysia in May 2017 also recommended to improve the student mobility and suggested that the SEAMEO Secretariat serve as a Coordinator to facilitate the implementation process of TVET Student Exchange Programme.

Since 2018, the SEAMEO Secretariat in collaboration with TVET institutions, and relevant Ministries of Education and Technical Education has organised the “SEAMEO Polytechnic Meeting” twice a year as a “Meeting Platform” to discuss the implementation process and seek commitments from the participating institutions for SEA-TVET Student Exchange Programme. As a result, the SEA-TVET Student Exchange Programme has been implemented for 4 batches with the total number of 1,143 TVET students exchanged in 2018-2019.

### 5th Batch of SEA-TVET Student Exchange Programme in 2020

The implementation process and commitments of participating institutions from Southeast Asian countries for joining the 5th Batch of SEA-TVET Student Exchange in 2020 were agreed at the 6th SEAMEO Polytechnic Network Meeting on 17-18 October 2019 in Da Nang City, Vietnam. The meeting was hosted by Duy Tan University of Vietnam.

In response to the recommendations from the 5th High Officials Meeting on SEA-TVET, held on 9-10 September 2019 in Brunei Darussalam, the High Officials Round Table suggested to optimise the collaboration of TVET institutions from the student mobility to the areas of Teacher Development/Exchange; and Research and Development. In addition to the discussion for the 5th batch of SEA-TVET Student Exchange programme, the 6th SEAMEO Polytechnic Meeting will expand the collaborative discussion to the areas of Teacher Capacity Development, Teacher Mobility, and Research and Development.

The 6th SEAMEO Polytechnic Network Meeting aimed to share and learn the successful practices of cross-country collaboration and identify the SEA-TVET Network Action Plan and seek commitments from participating TVET institutions in the implementation of a) 5th batch of SEA-TVET Student Exchange Programme in 2020, b) 1st batch of SEA-TVET Teacher Exchange Programme in 2020, c) SEA-TVET Teacher Development Action Plan for 2020-2023, and d) SEA-TVET Research Development Action Plan for 2020-2023.
The meeting was attended by approximately 150 participants who are at the management level from 74 TVET Institutions/Polytechnics/Universities in 5 countries, namely, Indonesia, Malaysia, Philippines, Thailand, and Vietnam.

At the end of the meeting, TVET institutions agreed to sign the Letter of Agreement (LOA) of the 5th batch of TVET Student Exchange to be implemented in 2020.

The 7th SEAMEO Polytechnic Network Meeting will be hosted by SMK Metland, University Brawijaya, and Ministry of Education and Culture of Indonesia in June 2020.

### III. Objectives of SEA-TVET Student Exchange

The objectives of the SEA-TVET Student Exchange are as follows:

1. To enhance global competitiveness, knowledge and technical skills of TVET students
2. To improve inter-cultural understanding, regional perspectives, and English communication of students
3. To provide employable opportunities for students
4. To create a sustainable partnership among polytechnics and TVET colleges/institutions in Southeast Asia

### IV. Adjustment of Implementation Process in 5th Batch

Due to the number of institutions in the 5th batch increasing to 140 institutions (4th Bath was 90 institutions), the SEAMEO Secretariat needs to adjust the implementation process to be more efficiency.

The 5th batch implementation will involve less paperwork and administration, and focus on the active coordination and partnership among institutions for the long-term partnership sustainability.

The adjustments in 5th Batch are as follows:

<table>
<thead>
<tr>
<th>Steps</th>
<th>Proposed Adjustment</th>
</tr>
</thead>
</table>
| 1. SEA-TVET Evaluation Meeting | ➢ 1 meeting in 2019 but the travel options of students will cover for 3 schedules in 2020.  
Travel Option A.2020: 6 March to 4 April 2020  
Travel Option B.2020: 5 June to 3 July 2020  
Travel Option C: 2020: 7 August to 4 September 2020  
Travel Option D: 2020: Any schedule as agreed by partners.  
➢ Institutions can join more than 1 travel schedule. |
2. Confirming Participation

- All implementation agreement with your partners under SEATVET should inform to SEAMEO for our record.

- To confirm the participation, institutions must submit the following documents according to the deadline of each travel schedule.

  a. **Form1_Institutional Confirmation** (List of coordinators and number of outbound/inbound students in each travel schedule)

  b. **Form2_Institutional Profile** (Do only 1 time)

3. Deadline to Submit Student Number for each Travel Schedule

- There are 3 deadlines to submit number of inbound/outbound students according to each travel schedule.

  - Travel Option A.2020: 6 March to 4 April 2020
    Deadline → 15 January 2020

  - Travel Option B.2020: 5 June to 3 July 2020
    Deadline → 15 February 2020

  - Travel Option C: 2020: 7 August to 4 September 2020
    Deadline → 15 April 2020

  - Travel Option D: 2020: Any schedule as agreed by partners
    Deadline → 2 months before the travel schedule

4. Mapping Partners

- The mapping announcement will be based on the information submitted in the “**Form1_Institutional Confirmation**”

- SEAMEO Secretariat will minimise the mapping process but institutions should submit the number of inbound/outbound students with the name of AGREED PARTNERS in “Form1_Institutional Confirmation”.

- For institutions who do not have AGREED PARTNERS, SEAMEO Secretariat will help mapping the students by conducting the Online Meeting and announce the list of “Non-Mapped Students” at the online meeting and invite institutions which can accept more students to join.

- Institutions needs to inform SEAMEO for the remaining students who do not have the Receiving Institutions for finding the partners.

5. Confirmation of mapping list and

- Institutions must contact your AGREED PARTNERS to confirm the number of inbound and outbound students.

### III. Implementation Process of the 5th Batch of SEA-TVET Student Exchange

#### 1) Nomination of Coordinators from Participating Institutions

Since the intensive cooperation and communication is needed between SEAMEO and participating institutions and among the receiving and sending institutions, it is recommended that the participating institutions should nominate at least **two (2) main “Coordinators”** who are working at the International Relations, or Student Affairs office.

The Coordinators should:
- Communicate well in English
- Be responsible, dedicated, and caring to students
- Always check and respond to emails and other communication channel such as whatsapp, line
- Understand or have experience in managing student/teacher exchange or international cooperation
- Have sense of emergency, and respect to the deadline and consequences
- Following the deadline for submitting the required documents to SEAMEO and partner institutions.
- Different person of SEA-Teacher Exchange Programme

#### 2) Schedule and Duration of the Exchange

The meeting agreed that the 5th batch of SEA-TVET Student Exchange in 2020 will be exchanged for 30 days through industry internship. The travel schedules which can be selected by institutions are as follows: (1 institutions can select more than 1 travel schedule)

- **Option A.2020** (30 Days): **Starting 6 March to 4 April 2020** (within 30 days, including
traveling day of arrival/ departure and transit flights)

- **Option B.2020** (30 Days): Starting 5 June to 3 July 2020 (within 30 days, including traveling day of arrival/ departure and transit flights)

- **Option C.2020** (30 Days): Starting 7 August to 4 September 2020 (within 30 days, including traveling day of arrival/ departure and transit flights)

- **Option D.2020** (30 Days-90 Days): The travel schedule of the students can be discussed and agreed among institutions.

Notes:
- The schedule for traveling of a student is flexible and should be agreed between the receiving and sending institutions during the student interview and up to the convenience of the students and receiving institution.

3) **Finding Agreed Partners**

The Institutions should find and discuss with the Agreed Partners for outbound/inbound students and submit the name of Agreed Partners and number of outbound and inbound students and study area to SEAMEO in the “Institutional Confirmation Form”

4) **Quotas and Selection Criteria of Participating Students**

The institutions should strictly select the qualified students to participate in the internship exchange with the following requirements.

1. **Quotas of Student Number for Each Institution**
   
   Participating institution will submit the list of eligible students for at least 2 students with the same gender in equal number, but not more than 6 students of each study area for each travel schedule.

2. **Qualification Level of Students**
   
   Students should study at Certificate, Diploma, Higher Diploma, or TVET Bachelor level.

3. **Age of Students**
   
   The students should be at least 18 years old.

4. **Study Areas**
   
   The major/specialisation of students as agreed in 5th Batch LOA are as follows:
   - Mechatronics, Electronics, Electrical, Mechanical and Manufacturing
   - Industrial Technology
   - Informatics/ Computer Science
   - Hospitality and Tourism
   - Agriculture, Aquaculture, Animal Science, Fisheries
5. **Important Requirements about Students:**

It is agreed that the qualified students should:

- Voluntary basis and determine
- Be able to communicate in English well
- Have good academic performance and technical skills in the area of major study
- Good attitude, friendly, flexible, good problem-solving
- Maturity, and readiness
- Have enough financial support from parents
- Good health (no disease or personal health disorder)
- Be able to travel abroad during the internship schedule

5) **Student Online Interview Arrangement**

The student must pass the “Online Interview” by the Receiving Institutions

- It is compulsory that all participating students should pass the online interview process conducted by the Receiving Institutions. Therefore the eligibility of the students will be ensured by the sending and receiving institutions.
- The participation of industry in the interview process can be invited (optional).

6) **Important Documents for Students before Traveling (A MUST)**

The qualified student should have the following documents for ensuring the travel preparation

- Student profile and transcript
- Valid passport longer than 8 months
- Visa (For the student who will have exchange for over 30 days)
- Health certification
- International Health and Travel Insurance (A MUST)
- Parent Consent Form and Inbound Student Waiver Form

**Important Notes**

- **Individual international health insurance** is required for individual
student. The group health insurance is not recommended as it is too limited.

- The sending and receiving institutions must ensure that the students should apply “International Health Insurance” before traveling. It is the responsibility of receiving Institutions to ensure that the copy of International Health Insurance of the students must be provided to the receiving institutions before providing the “Letter of Acceptance” to the students.

- For any eventualities which may happen or occur to the interns during the internship period, the receiving institutions may advance expenses for hospitalisation subject to the reimbursement by parents.

7) Cancellation of Students after Passing the Online Interview

The meeting agreed to create the cancellation policy of students to avoid the problems with industry partners:

- The cancellation of students must be informed to the receiving institution BEFORE the student online interview. An official letter to the receiving institution to inform the cancellation and reasons is needed.

- For any cancellation after the online interview or receiving of the Letter of Acceptance, the Sending Institution must find the “REPLACEMENT” for the cancelled student.

- In the case of no replacement, that institution will be excluded in the following one batch.

8) Implementation Mechanisms

To implement the student internship exchange programme for the 5th batch are as follows:

A. The participation of students in the exchange programme should be recognised as credits. (Depends on the sending institutions)

B. The agreement should be implemented in reciprocal way/equal agreement (Number of outbound students should be at least the same number of inbound students). However, the institutions can receive more number of inbound students than the number of outbound students.

Note:
If the institutions is not ready for sending the outbound students, they can participate in the programme by receiving the students from other countries only. But
accommodation to the inbound students must be provided.

C. After the signing of Letter of Agreement (LOA), the participating institutions should find the institutional partners for exchanging students.

The institution should submit the following documents to SEAMEO by the deadline.

- Institutional Confirmation Form:
  - Name and contact details of at least 2 coordinators
  - Number and study areas of students for sending/receiving for each travel schedule
- Institutional Profile Form
- Student Profile and Transcript should be submitted to the partners directly.

D. SEAMEO Secretariat will minimise the mapping process, but institutions should find their partner and submit the number of students in the “Institutional Confirmation Form” with the name of AGREED PARTNERS.

- For institutions who do not have AGREED PARTNERS, SEAMEO Secretariat will help mapping the students by conducting the Online Meeting and announce the list of “Non-Mapped Students” in the online meeting and invite institutions which can accept more students to join.

E. After agreeing on the number of inbound and outbound with partners, the receiving and sending institution must conduct the “Online Interview” to screen and ensure eligibility of students by self-arrangement and using their own platform such as whatsapp, skype, line.

Notes:
- The intensive communication and coordination between the coordinators of receiving and sending institutions is needed.
- The results from the interview should be informed to SEAMEO.

F. Once the student passes the Online Interview, the receiving institutions must immediately prepare “Letter of Acceptance” and send to the sending institutions. The template of Letter of Acceptance is provided by SEAMEO.

G. Necessary Document that the Student must have. Both Sending and Receiving institutions should ensure that the students must have the following necessary documents/actions before traveling

- Valid Passport
- Student Visa (for student who will exchange for over 30 days)
- International Health Insurance (A MUST)
H. The student orientation should be conducted by
   o Pre-departure orientation by Sending Institution.
   o On-line Orientation for all students and institutions by SEAMEO Secretariat.
   o On-arrival Orientation by Receiving Institutions after the arrival of students.

9) Program Structure

It was agreed during the meeting that the SEA-TVET Student Exchange can be conducted for the **duration of 1 month or 30 days up to 3 months or 90 days.**

**Within 1 month of internship period,** the programme should consist of the following components:

- **1\(^{st}\) week or 2-3 days:** Orientation, observing class at the receiving institutions

- **2\(^{nd}\) – 4\(^{th}\) week:** Internship with industry.
  The Receiving Institutions should ensure that the students should be placed at the industry for at least 15 days or maximum 25 days.

- **Excursions/cultural visits** should be organized during the weekend as appropriate.

The Receiving Institutions should be responsible in arranging internship by finding the **matching industrial partners,** provides opportunities for students in classroom observation and prepare the followings:

- On-Arrival Orientation Session
- **Mentor teacher (s) to supervise students**
- **Buddy (ies) to take care the international students and join the internship at the same place.**
10) **Selection of Industry Partners**

Due to the difficulty to find the industry partner to accept a short period of 30 day-internship, the recommended **criteria for selecting the industry partners** are as follows:

- a) TVET Institution should utilise the existing and close connection industry partners,
- b) Industry partner can offer jobs related to the study areas and interest of the inbound students,
- c) Industry partner can assign a supervisor who can communicate in English with the inbound students,
- d) Industry partner can be a well recognised company at provincial, or national or international level.
- e) Industry partner can be the local governmental office if the job is related to the study areas of students,
- f) Industry partner should have distance nearby the accommodation of students or receiving institutions. Student can reach the company/organisation for internship within 1 hour by a public transportation,
- g) Providing meals and transportation allowance is optional, but not necessary.
Note:

- If the institutions need a Certified Project Letter from SEAMEO to discuss with the Industry Partner, please contact the Coordinator of SEAMEO Secretariat.
- The receiving institutions may prepare “Job Scope” to brief the Industry Partners and Receiving Students

11) Credit Recognition

Since the required number of hours for TVET internships are varied according to the level of certification and country TVET education system, the meeting agreed that the credit recognition should be based on the Sending Institutions by considering number of hours that the students participate in the internship period.

12) Pre-departure Preparation

To prepare the students before departure, it is necessary that the Institutions should ensure and provide the followings to the students:

- **Intensive English Training**
  o Intensive English Training should be provided to the outbound students by the sending institutions prior to the departure. SEAMEO needs cooperation of all institutions to ensure the English ability of outbound students.

- **Student Permit Visa (For the case of stay over 30 days)**
  o Student/Education Visa Permission is required for the student exchange over 30 days.
  o Institutions must check the visa procedures and duration for approval. (Approval period is about 2 to 4 weeks)
  o Receiving Institutions are advised to consult with authorities responsible for immigration to support visa of inbound students.
  o SEAMEO Secretariat can provide support in term of “Official Project Letter” to the Embassies of the participating institutions in order to officially inform the Embassy regarding the SEA-TVET programme.
  o SEAMEO Secretariat would not be able to interfere the Immigration Office’s decision.
  o Avoid to use the term “Internship” (Sensitive with Ministry of Labour/immigration at airport” – please use “Student Exchange” or “Cooperative Education”
• **Orientation by Institutions**
  o Sending Institutions should provide sufficient information about the SEA-TVET Programme, including the programme objectives and student’s expectations.
  
  o Sending Institutions must conduct *“Pre-Departure Orientation”* to students, covering contents of:
    - Travel preparation
    - Expectations
    - Manner and behaviors
    - Work ethics
    - Do’s and Don’t’s, etc.
    - Required reports to submit after returning
  
  o Receiving Institutions must conduct *“On-Arrival Orientation”* to students, covering contents of:
    - Facilities
    - Traveling and food
    - Do’s and Don’t’s
    - Safety and security
    - Work ethics, industry internship
    - In-campus Medical Service
    - Jobs cope

13) **Student’s Misbehavior**

In case of student’s misbehavior, the students will be transferred back to their home country. The travel expenses will be shouldered by the parents/student.
**14) Timeline and Implementation Process for the 5th Batch**

The SEAMEO Secretariat would like to propose the following timeline for implementing the 5th Batch of SEA-TVET Student Exchange:
